Time Frame
Once a year

Objectives

„A free day of sport discovery“.

The slogan of „All Sport One Day“ describes the overall aim of Sport Calgary. This event is meant for children (6 – 12 year olds) to discover a new sport which they might want to continue to do in the future.

History

Sport Calgary was established in 2001 as a non-profit society and as the voice of sport in Calgary, we strive to enable all Calgarians to experience and enjoy involvement in sport.

The Event

12 Facility Partners, 56 Sport Organization Partners, and the approximately 450 volunteers contributed to All Sport One Day (2014)!

The kids between ages 6 – 12 years old try out different sports and activities (see list below) in one day to become more physically active but also enjoy the experience and many sign up privately into sport clubs and teams.
