Description:

The Hebron municipality has built five big centres that provide the community and youth with all the necessary infrastructure to meet their needs and requirements. The Korea - Palestine Centre, the Tariq Ben Ziad Community Centre, the Hebron Municipality Sport Hall, the Sharek Centre and the Children Happiness Centre all have a special administration and team workers.

They are working on different levels and targeting all ages in the community. A variety of cultural, educational, sport, musical and language programmes are run at all times. Every summer, camps for children and youth are organised in these centres. A variety of courses and games aiming at developing the personality and skills of the participants are run.
